10 am – tea/coffee  
10:30am – WAYNE CLARK  
12:45pm - lunch  
1:45pm – WAYNE CLARK  
4.00pm – demonstration finish

Wayne graduated in ceramics BA at Harrow 1995. Prestatyn based Wayne makes large sculptural pieces and smaller functional wares, generally from a stoneware body with additives of Ruabon red clay and coarse sand. He uses various ash and shino glazes, as well as vitreous slips to create fascinating surface effects.

Wayne's large sculptural pieces, particularly his vase and bottle forms, allow the opportunity to make quite radical and exuberant marks, with the intention of them catching ash from the fire. This will then turn into glaze at sustained temperatures, when the pools of glaze create both dramatic and subtle areas of great beauty as they run over the work.

There is a powerful energy in Wayne Clark's ceramics. While visceral and immediate in their allure, contemplation allows one to enjoy their subtle delights. They are pots to live with: to use or reflect on.

**Display of members work:** We would like to see examples of your work! It's always nice to see what people are making.

**'Exchange and Mart'** – there will be tables for small items for sale or exchange

**Lunch.** We have re introduced pot luck lunch. Please bring a plate of food to share, either *savoury, salad or cake*, put your contribution on the table when you arrive. **Cold food only please.** Alternatively bring your own. Don't forget to bring **your own mug!** We still need volunteers to take the cling film etc. off shortly before lunch and to set up the urns and cups for tea and coffee (so people can help themselves). Cakes will be served at lunchtime, to avoid crumbs later in the day! We also need volunteers to help set up from 9am and pack away at the end of the day.

Queries about lunches, please contact Trudy at email <mailto:trudy6218@gmail.com>
